Unlimited texts for free

Connect a new SIMcard (either with or without a phone, but excluding a new International SIMcard) to T-Mobile pay as you go by 31st January 2011 and you'll automatically be opted into our Monthly Text Reward.

Successfully top up £10 in a calendar month and we'll give you unlimited free texts to use during the following month. We'll send you a text to let you know you've earned the reward.

Providing you have stayed a member of the reward throughout the month we'll add your free texts to your account at 12.01am on the first day of the next month. You then have that whole month to use them in the UK. Use your free texts to text customers of any UK mobile network.

We'd like to remind you that your terms and conditions say that you mustn't use our services to do anything unlawful or to send nuisance communications. At the moment, we'll decide that you're breaking this condition if you text more than 200 different numbers over the course of the month with your reward. Remember, we're free to decide that other types of use may also be breaking this condition. If you do break this condition, we'll disconnect your SIMcard from our network without giving you any advance warning.

If you use, whether directly or through a third party, any device to route or re-route voice, text messages or other services on, from or to the network or you sell or attempt to sell or otherwise provide commercial services using our network to any third party, we'll remove this reward from you and/or disconnect your SIMcard from our network without giving you any advance warning.

We're afraid that you can only be part of one top-up reward at any time. If you try to opt into another top up reward you'll have to opt out of this one first. If you opt in to another reward before making your first top up, you won't get this reward. To opt out at any time text STOP FREE TEXTS to 441. Once you've opted out of this reward then you won't be able to opt back in again.
